

Windward Side

na: Shawn Pimental

Chorus:

Meet me on the Windward side my love
Where the mountain meets the sea is where I'll be
Meet me on the Windward side my love
Where the stars are dancing hula for you and me

The trade winds always kissing me hello
Salt air breeze always makes me whole
Waterfalls along the Ko'olau
Reminds me of this place that I call home

Valley tells of stories long ago
Māhealani shines her light i ka pō mālie
Manu sings a song that we both know
Ke aloha in this place that fills my soul

I've been to many cities far from home
So many more to see, I don't know
Carry her with me along the road
My heart will always lead me right back home
